

Legacy giving to MBA either to MBA in UK, or to AMBPPCT in India

Making a Legacy donation to MBA, or the Trust in India, is a very personal consideration. Such giving is very much in the spirit of discipleship as witnessed from the earliest years, where lovers of Meher Baba have wholeheartedly and most lovingly supported the continuation of Meher Baba's work.

In order for MBA to receive a Legacy donation, as opposed to a living donation, members need to complete a Will providing details of their intended gift. Legacies may be in the form of a 'pecuniary legacy' where a specific sum is willed, or as a 'residual legacy' where a percentage of estate is given after all other affairs have been accounted. Donations exempt your Estate from inheritance tax on the amount donated. It is not essential to notify the Board of a financial Legacy in advance, however where Legacies of specific items are intended, please do consult MBA as considerations of space, and future care, may need careful consideration. You may offer your Legacy to general funds, or earmark your giving for a specific purpose.

The Board undertakes to handle any Bequest confidentially. For Will writing purposes, your Solicitor should be given the following information. We would be happy to discuss a Legacy with you in confidence. If so, please contact the Chairman in the first instance.
